## ENTRY TAGS

Entry tags are made available at the meetings before each show and, of course, at the shows. Complete the tag as described in the Yearbook, fold it at the perforation and place it under your plant.

## TIPS

### Condition Flowers Beforehand

- Take a pail of lukewarm water to the garden.
- Cut plant material in the early morning or late evening.
- Immerse flowers immediately in water.
- Leave overnight in a draft-free area such as a garage or basement.
- Use Flora Keep if you wish, or a little cornstarch for tulips.

### Preparing a Violet for Show

- Put in a dark room 36 to 48 hours before show time. Darkness preserves the freshness of older blooms. Flowers become larger and more buds open.
